CERAMIC COATING

COMPLETE PROTECTION

AUTOTRIZ products are specifically formulated to enable application on virtually all surface of your car. Offering a long-lasting protection for paint, plastic, steel, glass, leather, vinyl & fabric

WEATHER PROTECTION

AUTOTRIZ products are mostly suitable in all kinds of climate, no matter in rain, sun or snow. AUTOTRIZ leads the automotive industry in effectiveness, durability and protection.

MINIMAL MAINTENANCE

The ultra-smooth and hydrophobic surface of 3D Matrix Coatings effectively repel dirt and stains, reducing routine for cleaning and maintenance.

CHEMICAL RESISTANCE

AUTOTRIZ products are resistant to harsh chemicals ranging from pH 1-14. It is also solvent-resistance. Once it is fully cured, the only way to remove it is by using abrasives like sand papers.

CERAMIC COATING

ION+ +15

AUTOTRIZION+ is a scientifically advanced nano ceramic coating with surface ionized technology that brings a high level of smoothness and slickness. Its surface ionized technology enkindles nano particles that are determined to bond perfectly on any surface such as paint, lacquer, and base coat.

3D MATRIX Graphene

Auto-triz 3D Matrix Hybrid combines two of the greatest discoveries in science-Graphene and Polysilazane, to enhance the performance of nano coating. When Graphene is infused within the molecular structure of Polysilazane, its bonding strength and durability is greatly enhanced. The advantage is that less sceptical to water spots and breakdown, resulting in a long-lasting protection that no other coating can compare.

Box Rate 200 each

REVO +15

AUTOTRIZREVO is a cutting-edge nano ceramic coating that amplifies the latest improvement in nano technology. Proven to stand out against the typical elements that will deal harm to paintwork. It fills nanopores and establishes great molecular bonds to achieve next-level durability and stability.

PRICE

190

Box Rate 170 each

LEATHER Ceramic

Auto-triz Leather & Vinyl is suitable for all type of leather, synthetic leather/ vinyl and plastic parts. It leaves a long-lasting barrier to protect the surface against permanent stains from dye of blue jeans, pen or marker. Unlike oil based or water-based leather dressings on the market that only leave a temporary dressing, Autotriz Leather & Vinyl preserves the natural feel of leather with its non-oily and non-slippery finish

Box Rate 200 each

PPF GEL (4L)

AUTOTRIZ PPF Gel is a premixed Paint Protection installation aid designed to support the application of paint protection film. The gel facilitates the ease of application keeping the substrate well moisturized providing the right tack and positioning of the film during installation. This thick and viscous Gel allows the product to be sprayed on the car without dripping off or evaporating quickly. The Gel residues can be easily cleaned after application, even when fully dried.

PRICE

160

Box Rate 130 each

RICH FOAM SHAMPOO (20L)

Uses proprietary gloss enhancers to maximize shine and optical clarity while maintaining waxes, sealants, and coatings. AUTOTRIZ Rich Foam Shampoo produces thick suds and foam that carry dirt and contamination away without any harsh rubbing, or scrubbing. Blended with special emulsifiers and pH-balanced formula, it will not spot or stain even when used in direct sunlight.
